ODP 0-1648
11 December 1980

MEMORANDUM FOR: Deputy Director for Administration

FROM: Bruce T. Johnson
                 Director of Data Processing

SUBJECT: ODP Report for Week Ending 10 December 1980

Support to Office of Security

4C (Community-wide Computer-assisted Compartmentation Control System) ████████████████████████, the 4C development support contractor, has produced a draft 4C Software Subsystem Development Specification for the 4C Prototype I System. A preliminary design review for the 4C Prototype I Software Subsystem will be held on 15 December and involves ODP Applications, Office of Security, and contractor personnel. ████████

Information Systems Security Group, OS, has asked if we could provide assistance to one of our ████████ VM computer installations by providing software and generating passwords. A tape containing the software, our dictionary of 6000 plus words, and documentation, will be sent. None of these items are classified. ████████

Support to OD&E

████████████ of Operations Division, ODP, gave a one hour-forty-five minute briefing and tour of the Ruffing Center to Ed ████████████ Ed was most interested in OD's operator training program and how our program could be used at the ████████ computer center. The briefing included the listing of courses offered operators in the classroom and on the Interactive Instructional System (IIS). The briefing was concluded by a tour of the Ruffing Center with emphasis on the training provided operators in each section (main area, tape library, point, hardware, and software). ████████ expressed his thanks for the briefing and tour, and will contact OD/ODP in the near future with further questions on the training program. ████████

OCDP ██████████████████████████████

Operation: ████████████████████ Division on 7 December. ████████████████████ She is the candidate selected to train as a Computer Operator from the new Opportunities for Career Development Program (OCDP).
